7 APR 1969

MEMORANDUM FOR: Director of Logistics

SUBJECT : Delegation of Authority for Authentication of
Contract Review Board Recommendations

1. This memorandum contains a recommendation for your approval. This recommendation is contained in paragraph 3.

2. The findings and recommendations of the Contract Review Board, as well as other documents used in the operation of the Board, currently require the signature of each Board member for authentication. This is a time-consuming procedure which delays the administrative process. ~~A delegation~~ of authority permitting the Chairman, Contract Review Board, to validate documents on behalf of the Board members will significantly speed this administrative process. In validating documents for the Board, the Chairman will note the unanimous approval of the membership, including advisory members, or will state the facts in the event of dissent.

3. It is recommended that the Chairman, Contract Review Board, be authorized to validate documents on behalf of the Contract Review Board. This authority may not be redelegated by the Chairman.
